

Attachment for Lull Telehandler

Lull Telehandler Attachment - Telehandlers by Lull have been providing load placement accuracy since 1959. The Lull telehandler could really help make the job easier and faster, whether the work entails landing loads on scaffoldings, transferring loads or positioning heavy steel. These units are available together with the patented Stabil-Trak stability system to be able to ensure operator confidence.

The horizontal placement system by Lull could supply 80 inches of boom travel for precision placement capabilities. There are also a lot of optional Lull accessories for their telehandlers to help finish whichever job.
