Advance-Nilfisk Parts - Imagine how long and tedious it will really be to tidy up after a party, with out help from machines. Previously, the dust from carpets and upholstery had to be beat out of them manually; brushes, cleaning cloths and brooms were the leading cleaning products back then.

P.A. Fisker, the founder of Nilfisk-Advance, was an electrical engineer who really loved working with electrical motors. Starting the business in 1906, he started to produce motors to be able to drive coffee grinders, drills, fans and machine tools. Mr. Fisker's dream from the beginning was to have a global company selling merchandise globally.

The Nilfisk C1 was a remarkable breakthrough for the cleaning industry. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed just 17.5 kilos and could be operated by one individual. This invention came in a time where various cleaning machines were very big and required at least 4 operators, thus, the Nilfisk C1 transformed everything and developed the manner we clean forever. The genius behind these first cleaning equipment remains unparalleled. Cleaning equipment offer a brilliant solution to an existing crisis; things get filthy and need to be cleaned on a regular basis, without a lot of effort.

Gradually but steadily, Nilfisk-Advance expanded throughout the years. In the 1980s, this development truly happened when the company became a part of the NKT Group. Their new owners' drive and focus made Nilfisk-Advance take a huge leap forward within the industry, trying to be among the largest universal players in the market of professional cleaning equipment. Nilfisk-Advance is currently found in all parts of the globe due to steadily acquiring lots of small companies so as to develop their product selection and presence in new markets. They are really proud to present a variety of cleaning solutions to fit each requirement.
