

Concrete Hoppers

Concrete Hopper - This particular attachment is a self-dumping hopper which automatically activates to dump as soon as bumper release touches the side of a dumpster. Once dumping is done, the hopper returns to a locked and upright position. This particular piece of equipment is likewise available together with a cable that allows operation from the seat of the lift truck in order to have the choice of manually dumping the hopper. There is a locking chain provided in order to secure the hopper to the fork truck. This product is made with consistent and reliable robotic welds for maximum strength. The forklift dumping hopper even has a blue powder coat finish to maintain durability.
